75 Under Rule 75A clause (4), the Govt have to determine the compensation.

76) The Party originally claimed Rs 55,200/- & now has agreed to take Rs 50,568/-, which provides for a profit of 20% & 2½% establishment charges on the cost incurred by the Party. The Chief Engineer further explains that the material has increased in value by more than 50%. An agreement which is proposed to give him 22½% (including establishment charges) the Party could claim rates which are 72½% plus for the framing and could probably be contended by him, have worked the capital & made profits besides realising a good price. Hence the Chief Engineer's estimate can not probably be considered excessive

847/W Mem Controller of Stores

40 From The Secy to the Hon'ble the Revenue Dept.
F. 64-42/W d 22nd Oct 43 requesting the circumstances under which delivery could not be taken earlier.

(2) The Stores was proposed as desired by the Controller of Supplies by about the Middle of March 43. The Controller wanted the documents in original in support of the Cost price. The documents were received only on the 15th April and were sent immediately to the Controller. In the Meantime the requisition order was issued on the 22nd March 43. On 26th April 43 the Controller requested this Govt to instruct the party to assist in the removal from the Godown the Masonic Sheets by M/s Sri Rama Vilas Service. This despatch instruction was different from the one issued previously. This Govt asked the Controller of Supplies on 4th May 43 to furnish particulars since Compensation to be fixed by this Govt. Only 12th June 43 the Controller intimated that arrangements have been made with the Dy Inspector of Stores Clothing Bangalore for the despatch of the Masonic Sheets to Mysore etc.
Kind refce is also invited to this office letter dt 26th June 43 asking for immediate instructions. To this the Controller replied that despatches are being arranged thro Inspection Dept.

On 13th prox. 43 the Controller returned the Voucher to Mr. Sundaram Iyer stating that Compensation payable to him will be fixed by this Govt.
On 2nd Aug. 43 the Controller wrote to say that as soon as the balance of Steels has been inspected and handed over to the Ordnance officer Compensation payable may be fixed by this Govt.
Definite instructions re: despatch were issued by the Controller only on the 8th Octr. 43.
The Compensation has since been fixed and the party also directed to deliver the Stores to the Ordnance officer as desired. It is clear from the above that no clear and definite instructions re: despatch were not given by the Controller at any stage and only the letter of the 8th Octr. 43 was definite in the matter. In the absence of definite despatch instructions, this Govt cannot be expected to take delivery of the Stores requisitioned and make arrangements for storing them till definite instructions are received. The Controller of Supplies himself was receiving instructions re despatch from other quarters and was not definite in the Matter. This Govt have all along been anxious that the transaction may end and the delay has been mainly due to the correspondence with the Controller in the matter. Both for period and orders. There is therefore not clear if the Ordnance officer approached was empowered to give them for taking delivery of the materials. 91) Draft go pleasing this position may be verified.

that amount of compensation as suggested or to explain
the reasons in fuller details for payment on the basis
suggested by this Govt.

A. 44X

Kind reference is invited to the letter issued
by this office to the Resy wherein all the facts have
been explained in detail. The Resy Govt were
asked to revise the amount of compensation as suggested
or to explain in fuller detail the reasons
which prompted this Govt for payment on the basis
suggested by them. It is not clear as to what fuller
details are required than it are explained in this
office letter to the Resy dated 14th Octr. 43.

It is stated in Para 3 that a large No of
purchases are being Negotiated with the Govt of Mysore
that got vitiated that the principle allowed
profit margin exceeding 10%. May have its
repercussions on the other transactions on hand.
So far as this office is aware, only in 2 or 3 cases
requisition articles from Stock firms were taken
over on the suggestion that Controller of Supplies
Bi Circle and in all cases the question of compensation
was not decided at all early.

The party claimed 22½% for profit
and established most cheap as this Govt considered 15%
as reasonable and recommended the same percentage

Asked for proposed orders as to the reply to be sent to the Residency in the Matter.

(RS 17/2)

Although a profit of 20% was suggested, Govt. have reduced it to 15% for reasons explained in letter dated 14.10.43. As stated therein, the price of the article had not been controlled & while the articles were frozen in March, the party was prevented from selling it in the open market for a profit & obtaining the capital. Having regard to all considerations the profit was fixed at 15%, which should be considered fair.

A reply may be sent that the Govt. were advised at the time that the value of the article had appreciated by 50% & that a profit of 22½% had been suggested when Govt. reduced it to 15% having regard to all considerations & that they do not feel justified ~~in~~ to revise the same. It may also be indicated that this will not be treated as creating a precedent.

Sir,

MASONITE SHEETS.

With reference to Government Orders asking me to submit Documents in support of the Cost Price of the Masonite Sheets, I beg to inform you that owing to my absence from the Station and indifferent health I regret I was not able to attend to same earlier.

I purchased these Masonite Sheets from M/s. Spencer & Co.,Ltd., Madras, after a number of visits to them and with very great difficulty I secured them. These Sheets were not easily available elsewhere and owing to my friendly connection with M/S. Spencer & Co.,Ltd., they, as a very special personal favour obliged me with some of their Stocks. I purchased on 11th Februa 1943 the following as per Original Invoice annexed.

MASONITE BROWN TEMPERED SHEETS: 12' x 4'

200 Sheets of 3/16" thick @ Rs.60/- per Sheet.
250 Sheets of 1/4" " @ Rs.70/- per Sheet.
20 Sheets of 5/16" " @ Rs.85/- per Sheet.

On 12-2-1943 I purchased

100 Sheets of 1/4" thick @ Rs.70/- per Sheet.

I had to pay spot Cash for these purchases at Madras and I annex herewith a Statement of expenses incurred by me in - connection with the purchases of these Sheets towards the Handling,

Carting, Railway Frieght at Madras and unloading and Carting to the Godowns at Bangalore which works out nearly Rs.2/12/- per Sheet.

While at Madras in the first Week of March I learnt that the Controller of Supplies, Madras Circle, was in the Market for these Sheets and on which information I called at his Office and offered these Sheets at my prices. As I have myself voluntar: offered these Sheets I cannot understand why my Stocks should be frozen. It was left open for the Controller of Supplies to - negotiate with me regarding prices and there was no need for his resorting to advise the Mysore Government to have these Stocks frozen to my disadvantage. Even now I have no objection to place my Cards on the table and furnish you with any information that is needed and to have a fair Price fixed for these Sheets taking into consideration the troubles that I have undertaken in procuring these Sheets and the expenses incurred by me in getting them to Bangalore, where I have very large demands for the use of these Sheets as an Engineering Contractor of Standing and for Works connected in and around Bangalore. The Bank Interest for an Outlay of over Rs.40,000 and also the Trading Risk etc., will have to be considered.

These Sheets are of a very unweildy Size and are packed in Crates. Owing to the unweildy Size and on account of too many handlings and Transport from the Harbour to the Godowns at Madras and from Godowns to the Railway for loading at Madras and unloading from Wagons and Carting to the Godowns again at Bangalore, the packing Cases have been largely damaged and the present packing is not safe for sending these Sheets again by Carting and loading in Wagons. It was with very great difficulty we have Carted them

from the Railway and Stored them in our Godowns as these require special Trucks for their conveyance. I have no objection to deliver these Sheets Ex-my-godown near my Office at Bangalore City and I cannot undertake to deliver them to far off places beyond Bangalore City for which the Controller of Supplies may be requested to make necessary arrangements for repacking if necessary and for their conveyance to Railway Station and railing them to destination. The Materials are under lien to my Bankers for their Overdraft advances and they will have to be paid before the Sheets could be removed from the Godowns.

Yours faithfully,

Dear Sir,

MASONITE SHEETS.

Further to my letter of 12th April I beg to inform you that I have received instructions for the despatch of only 350 Shee of 1/4" thick Masonite Tempered Boards of 12' x 4' for the fabrication of Phantoons. I am prepared to hand over these Sheets on determination of their price and amount payable to me on an Ex-Godown basis, Bangalore. I understand the Controller of Supplies, South India Circle, Madras, is arranging through Rama Vilas Servic Ltd., for taking delivery and despatch of same to the destination. In the meanwhile I shall be grateful if you will kindly have the prices fixed up and arrange for payment to be made to me at Bangalo against delivery of goods.

As regards 200 Masonite Sheets 12' x 4' x 3/16" thick and 20 Sheets of 5/16" thick I am having very many enquiries for them from my regular Customers such as The United States Army Air Force, Hindustan Airoraft Ltd., India Industrial Development Trust Ltd., and the Advanced Ordnance Workshop, who are all connected with WAR EFFORTS. I may be permitted to sell these Sheets to the above Parties as they are in Urgent need of same. The Freezing Order for these Sheets was communicated to me in your No.3615-W dated 11th March 1943 and so far I have not heard anything f about its disposal

or taking delivery of same. As I do not wish to keep my Stocks locked up indefinitely and lose good Markets I may be permitted to sell these Sheets when there is a demand for same for Works connected with War Efforts.

As I am incurring heavy Bank Interest Charges, Godown Rents for Storage and Risk in keeping the same on your account without any price being fixed for the material, I shall be glad if you would permit me to sell the 200 Sheets of 3/16" thick Masonite and 20 Sheets of 5/16" thick to those in Essential Services.

Thanking you,

Yours faithfully,

Sir,

Masonite - Mr.R.Sundaram Iyer, Bangalore

With reference to the correspondence ending with your letter No.218/723 dated the 26th April 1943 on the above subject, I am directed to forward herewith a copy of ~~the~~ letter of the 29th April 1943 from Mr.R.Sundaram Iyer, requesting that the price of the masonite sheets to be removed may be determined and that arrangements may be made to pay the cost to him on an ex-godown basis against delivery of the goods. In this connection, I am to state that under this Government's counterpart of the Defence of India Rules, the compensation to be paid to the owner of the property has to be determined by this Government and it is necessary that ~~this Government~~ they should ~~be intimated about the~~ know before the articles are removed as to what is your estimate of ~~value of~~ the articles so that compensation may be fixed and intimated to the party. Arrangements have also to be made to pay the compensation so fixed as early as possible ~~to the party~~. I am to request you therefore to be so good as to supply the necessary particulars for fixing the compensation.

It ~~would~~ may be seen from the party's letter that he has been having many enquiries from his regular customers (who are all connected with war efforts) for the other masonite sheets in his possession, which have been frozen by this Government ~~under your instructions.~~ in accordance with your requisition. I am to state that, in regard to ~~this request~~ these articles also it is

P.T.O.

necessary ~~and desirable~~ that ~~some~~ a decision should be reached quickly. The articles ~~are~~ were frozen over a month ago and it is hardly fair to the party that he should be kept in a state of suspense for a long time. ~~in regard to these articles~~. I am to request you therefore, to intimate immediately whether the ~~frozen~~ freezing order in respect of these articles may be withdrawn and the party allowed to dispose of ~~of~~ them as he likes.

The favour of an immediate reply is requested.

Dear Sir,

MASONITE SHEETS.

I beg to draw your kind attention to my letter dated 29th April 1943 and your reply letter No.4206-W dated 4th inst. advising me that the matter was receiving your attention. I have not heard anything further from you on the Subject. I am having any number of enquiries for these Sheets and I regret I am losing the business.

In my above letter I requested you to permit me to dispose of the 3/16" and 5/16" Sheets for which the Controller of Supplies, Madras, has not sent so far any Order of despatch. Evidently he is not in need of these Sheets and of these Sizes. His freezing my above stocks has not only caused me inconvenience and also prevented me from selling the same. As I am having enquiries from those in ESSENTIAL SERVICES I may be permitted to dispose of these Sheets.

The Freezing Order of these Sheets was communicated to me in your No.3615-W dated 11th March 1943 and it is now over 10 Weeks, still the matter is kept in suspense. As I am incurring heavy Bank Interest Charges, Godown Rent for Storage, and risk in keeping the same on your account without any price being fixed for the material I have to request you again to do the needful in the matter immediately and avoid further inconveniences to me.

Yours faithfully,
R. Sundram Iyer.

Sir,

Sub.: Masonite - Mr. R. Sundaram Iyer - Bangalore.

Ref.: Your letters No. 4357/W dated 31-5-43 and No. 4377/W dated 8-6-43.

CHIEF SECRETARY WAR 15 JUN 1943 GOVT. OF MYSORE.

I have the honour to acknowledge with thanks the receipt of your letters cited above. The D.C. A.P. (General), Calcutta, who was addressed in the matter, has referred it to the Assistant Director, Industrial Planning, New Delhi, for disposal in his letter 525/CP-1-E dated 25/26-5-43. I have now received a communication from the Director-General of Supply, New Delhi (SS/6/498 dated 4-6-43) calling for certain particulars regarding the amount of compensation which I am furnishing.

As regards the copy of Mr. R. Sundaram Iyer's letter dated 1-6-43 referred to in your second letter under reference, I have the honour to inform you that arrangements have been made with the Deputy Inspector of Stores & Clothing, Bangalore for the despatch of the masonite sheets to Moghulpura and Bombay in my letter C/723/43 dated 17-5-43 and 4-6-43.

I shall write to you again in the matter in due course.

Dear Sir,

Masonite Sheets.

With reference to your letter dated 1st June 1943 to the Assistant Inspecting Officer, Textile Indian Stores Department, Bangalore City, (copy sent to this office) I am desired to state that the Controller of Supplies has since written to this office that arrangements have been made with the Deputy Inspector of Stores and Clothing, Bangalor for the despatch of the masonite sheets to Moghulpura and Bombay.

Yours truly,

For Chief Secretary to Government.

The reply to this communication should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

SIR,

I am directed to refer to the letter to you from the Controller of Supplies, South India Circle, Madras, No. C/723 dated the 16th March 1943.

2. The Political Department write that the stores mentioned in the above letter are urgently required by the Supply Department of the Government of India to meet a demand from the Defence Services and that, since the prices quoted by the firm concerned are considered unreasonable, requisition has to be resorted to. They therefore request that, if there is no objection, the Government of Mysore will be so good as to requisition the stores and fix the compensation on the usual basis viz., cost price plus 10% profit plus all incidental charges including actual handling charges incurred, bank interest etc. It is understood that these stocks were purchased from Messrs. Spencer & Company for a sum of Rs.38,200/- only, whereas the price demanded by the firm is Rs.55,200/-. The compensation fixed by the Mysore Government on the basis explained above will be paid by the Government of India.

2.

2. I am to request that the action taken by the Government of Mysore may kindly be intimated to this Residency at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

B A N G A L O R E.

Sir,

MASONITE SHEETS.

I have not heard anything from you further to your letter 4206 dated 4th May., 1943 wherein you stated that the m was receiving your attention. I wrote to you again on 28th M and sent a copy of the above a letter to the Controller of Su South India Circle, Madras. My above letter has not yet been acknowledged by either of your goodselves.

It is very unfortunate that I should be treated by o Government in this way putting me to a very heavy loss and inc venience. If you had not freezed my stocks at the instance of Controller of Supplies, Madras, I would have sold my stocks in the Open Market long ago and turned over again my Capital inve on this dead stock on some other remunerative business to my advantage. Nobody seems to be interested except freezing arti of Merchants and putting them to inconvenience which I feel, i quite an unfair treatment to be meted out by the Government to own subject. In this connection I wish to draw your kind atte to an extract ~~from~~ a letter No.WIII-3 dated 8th April 1943 rec by the Southern India Chamber of Commerce, Madras, from the Su Department, Government of India.

PARA.5: "As regards the general question of prompt requis
"tioning or release of 'frozen' stocks, I am to s
"that strict instructions have already been issue
"all officers of this Department connected with f
"ing and requisitioning of stores that ordinarily
"freezing period should be limited to 15 days fro
"date of acknowledgment by the officer concerned
"this Department of the receipt by him from the f
"concerned of the complete information called for
"Orders have also been issued that every effort
"be made to reach a decision regarding the requis
"tioning or release of 'frozen' goods within the
"intial period of 15 days, and that this period m
"not be extended unless a Senior Officer of this
"has scrutinised the case and satisfied himself t
"an extention is in fact necessary. A good deal
"delay complained of will be avoided if the infor
"tion demanded by officers of this Department is
"nished promptly by the firms concerned."

On the face of the above instructions from the Gover

of India I am at a loss to know why I should not now sell away my stocks in the open Market without waiting any further for permission, as communicated to me in your order No.3597W dated 9th March and 3615W dated 11th March 1943. As regards the 350 Sheets of 1/4" the Controller of Supplies, Madras, wanted these Sheets to be despatched to Mogulpura as per Indent dated 18th December 1942 and I do not know whether these Sheets are still required at Mogulpura for that particular Indent. The materials are still lying at Bangalore in my godowns and the acquisition price is not yet fixed for the same. The Controller of Supplies Madras, has not yet sent any delivery instructions regarding the 200 Sheets of 3/16" and 20 Sheets of 5/16" thickness and evidently they are not required by him for any Specific purpose. Is it fair for our Government to put me to this inconvenience and loss and deprive me of my selling away my stocks and turning over my Capital to some other remunerative business. The price for none of these Sheets have been fixed though the original Bills of Cost have been produced long ago. Heavy Bank Interest charges and Godown rents and other expenses are accumulating un-necessarily.

I have been asking for permission to sell the 3/16" Sheets for which I have very heavy demands and I request I may be allowed to sell away my stocks if nothing is heard from the Controller of Supplies by the 25th of this month. I regret I cannot wait indefinitely and I appeal for your support in the matter.

Yours faithfully,

Sir,

MASONITE SHEETS.

I have not so far heard anything from you in reply to my letter of 16th June., 1943 andthe matter is allowed to lie over. The Controller of Supplies, South India Circle, Madras, in his letter No.C-723-43 dated 13th July., has written to me that compensation payable to me will be fixed by the Mysore Government. At your instance the connected papers relating to my purchase of Masonite Sheets from Madras were sent to you with my letter dated 12th April.,1943 and all the Original Vouchers were also sent with the above letter which were passed on by your Office to the Controller of Supplies, South India Circle, Madras. At this distant date I am informed that compensation will be fixed by you.

I wish to inform you that the Assistant Engineer, Head Quarter Range and his Overseer one Mr. Narayana Rao came and inspected my Masonite Sheets and took details of my purchase price and other incidental charges that have been incurred by me. I have been put to lot of inconvenience and loss by my not being allowed to sell these Sheets ~~which~~ when there were heavy demands for same and I would have got very high prices. Even today these Sheets are available in Bombay Market for sale and are being quoted very high. I would have turned over my Capital many times if I were allowed to sell them in the Market during these many months.

P.T.O.

I beg to request you to kindly fix a compensation of at least 25% over and above my actual cost and expenses so far incurred to compensate me for all the inconveniences and loss caused to me. I shall be grateful ifyou will kindly grant me an interview at an early date to enable me to explain matters in person so that compensation may be fixed by you after hearing me.

I request you once more to kindly arrange to dispose of the matter without further delay as I have to pay heavy interest to the Bank every day.

Yours faithfully,

For your ready reference I note below the Current Market Price for the Masonite Sheets in the Bombay Bazaar as published in the Bombay Market Quotation Magazine, dated 30-6-1943.

Re.- Masonite sheets - Mr.Sundaram Iyer,
Narasimharaja Road, Bangalore City.

With reference to correspondence ending with your letter No. 609 dated 22nd September 1943, re.- the above, I have the honour to state that Mr. R. Sundaram Iyer, who was requested to meet me in my D.O. letter No.172 dated 9th August 1943, with the connected documents on the subject, met me on the morning of 22nd September 1943and showed me the connected firm bills and Railway Receipts for freight charges etc., in support of his claims. The subject was fully discussed as to what reasonable compensation is payable to him, when he represented that the material in question was long back purchased by him from Messrs.Spenser & Co., Madras, at a concession rate on account of his personal influence and relationship with the firm and since the time of this purchase, the market rates have steadily increased and the value of the material has now gone up by more than 50%. But, it being required for the War Efforts, he agreed to the compensation being assessed on the purchase price along with other charges incurred by him, with a profit of 20% on his investment. The figures furnished by the Assistant Engineer, Buildings Range, in the statement accompanying his report, copy of which has been forwarded to you in this office No. 1919 dated 26th July 1943, were verified and accepted by - - Mr. Sundaram Iyer, with the exception of Railway Freight and profit items, which he claimed to be increased to actual charge and 20% respectively, and another 2½% towards establishment charges, which was omitted by the Assistant Engineer. It was explained that the freight charges of Rs.520-10-0 pertained to the present stock of 570 sheets only and not for 1,020 sheets as taken by the Assistant Engineer including other consignments shown in the consolidated Firm bill. The compensation with these additional claims works out to Rs.50,568/- as detailed in the accompanying statement.

Considering the present market rate, which is noted in the "Bombay Market, Bombay's quotation Magazine" dated 15th September 1943 (Page 34 quoted by Alibhoy Kadibhoy Kachwala, 84, Abdul Rehman Street Bombay, - extract herein enclosed) and further charges incurred towards the godown rent and establishment charges by Mr.Sundaram Iyer, I am of opinion that the sum of Rs.50,568/- claimed by the party may be paid to him.

Subject:- Supply of masonite sheets for the Defence Services.

Sir,

With reference to your letter No.F. 64-42/W dated 16-6-1943, on the above subject, I am directed to state that the articles in question have been requisitioned by this Government for the Defence Department. The documents relating to the purchase etc., of the articles have also been examined and it is ascertained that the articles have cost the owner Rs.41,280/- as detailed in the appended statement. The material was purchased long back at a concession rate and the price is ascertained to have considerably gone up since, in the market. ~~The material~~ was frozen at the instance of the Controller of Supplies South India, Madras circle so far back as March last with the result ~~therefor~~ that it was lying with the owner as dead capital though the latter could have disposed of it in the market long ago, realising substantial profit. Having regard to all considerations this Government feel that the party may be allowed 15% ~~proposed~~ towards profit and 2½% toward establishment charges on the above cost of Rs.41,280/-. The amount of compensation thus payable will be Rs.48,504/-.

I am to request that arrangements may be kindly made for the immediate payment of this amount to the party so that the articles may be taken delivery of without

ithout further delay.

- - - - - -

SIR,

I am directed to refer to your letter No.W.771/ dated the 14th October 1943.

2. It is observed that the Controller of Supplies, South India Circle, had requested you (in his letter No. C/723, dated the 16th March 1943) to make arrangements for the immediate requisitioning of the stores and for the despatch of the first item to the Works Manager; Carr. & Wagon Shops, N.W.R., Moghalpura; disposal instructions for the rest of the stores were to follow. It would, however, appear from your letter that all the stores are still with the firm. It is pointed out that in cases of requisition under the Defence of India Rules it is not necessary to pay the compensation, or even to assess it, before taking over the goods requisitioned. In this case it appears that the delay in taking delivery has led to an increase in the compensation amount, and as the Political Department will require a report on the case, I am to request you kindly to let me know the circumstances under which delivery could not be taken earlier.

3.

3. I am further to request that if there is no objection delivery may be taken now, to avoid any further complications.

4. The favour of a very early reply is requested.

SUBJECT: Supply of Masonite for Defenc Services - Requisitioning of Stores available with Mr.R. Sundaram Iyer, Bangalore.

Sir,

With reference to your letter No. P.V.D. F.64-42/W dated 22nd October 1943 on the above subject, I am directed to state that at the instance of the Controller of Supplies the stores were frozen about the middle of March 1943 and the requisition order was also issued on the 22nd March 1943 and the party was directed to despatch 350 sheets under advice to the Controller of Supplies to the Works Manager, Moghulpura after the stock was inspected by the Assistant Controller of Inspection, I.S.D.Inspection Circle. On a further request from the Controller the documents in support of the cost price of the materials were obtained from the party and sent to the Controller on 15th April 1943. Subsequently on 12th June 1943 he intimated that arrangements had been made with Deputy Inspector of Stores & Clothing, Bangalore, for the despatch of the sheets to Moghalpura etc., and this was duly communicated to the party. In his letter dated 26th April 1943 the Controller requested that the party might be instructed to assist in the removal from his godown of 350 sheets of masonite by Messrs. Sri Rama Vilas Service, Bangalore, As the party represented that payment should be made against delivery of goods the matter was referred to the Controller and he was requested to arrange to supply the necessary particulars

to enable this Government to fix the compensation. This communication was acknowledged by the Controller who addressed the D.C.A.P.(General) Calcutta for further instructions. It is at this stage that your letter dated 16th June 1943 was received requesting this Government to fix the compensation and requisition ~~of~~ the stores. As orders had already been issued in March requisitioning the stores, the question of compensation was taken up.

Subsequently on 6th July 1943 the Controller intimated that all the 570 sheets were required and that despatches ~~are~~ being arranged through Inspection Department. Again on 13th July 1943 he returned the vouchers to Mr.Sundaram Iyer stating that compensation payable to him would be fixed by this Government. On 2nd August 1943 he himself directed the party to hand over the balance of sheets to the Ordnance Officer after inspection, and the Officer Commanding, Bangalore Ordnance Sub Depot was instructed by him to arrange for the despatch of the ~~stores~~ sheets.

It was only on 8th October 1943 that clear despatch instructions were received from the Controller and on receipt of them the firm was directed to hand over the stores according to the instructions contained therein.

It should be evident from the facts set forth above that there has been absolutely no delay on the part of this Government in requisitioning the stores and that despatch instructions were communicated by this office and also by the Controller, to the party from time to time.

This Government have no information as to what attempts were made by the officers concerned to inspect the stores or to arrange for the despatch of the material. So far as this Government is aware the party has not ~~either~~ refused to render assistance in the delivery of the articles nor has he resisted their being taken possession of.

This Government cannot help observing that though in this case the materials were frozen so far back as March 1943, it was only in July 1943 that the Controller intimated that the entire quantity was required by the Defence Department and that even in regard to the fixing of compensation and paying it to the party there has been considerable delay due to the Controller's attempts to fix the compensation at the initial stages and ~~then~~ later proposing that it may be fixed by this Government.

I am to request that even now the compensation may be arranged to be paid very early to avoid further claims from the party.

The Chief Secretary, to the Government of
His Highness the Maharaja of Mysore,
B A N G A L O R E.

Dear Sir,

MASONITE SHEETS.

I beg to acknowledge with thanks the receipt of your letter No.W.846, dated 3rd November 1943 advising me to deliver the different sizes of Masonite Sheets as noted below to the Ordnance Officer B.O.S.D. 214, India.

350 Sheets 12'X4'X$\frac{1}{4}$" thick.
200 " 12'X4'X3/16" thick.
20 " 12'X4'X5/16" thick.

In this connection I beg to inform you that the P.W.D.Officers, Bangalore looked into my Accounts and took details of my cost and other charges inculding Ware-Housing charges, Bank Interest etc., in the month of July 1943. They noted only the expenses incurred by me till then, but I have since then actually incurred additional expenses such as go-down rent, watchmen's pay, Bank Interest and establishment charges during these months, i.e., August, September, October & November and the same comes up to nearly Rs.1,300/- as noted below:-

Go-down Rent for 4 Months.	Rs.240.
Watchmen's salary.	Rs.240.
Bank Interest. ...	Rs.800.
Establishment charges, @ 2½%	Rs. 32.
Total:-	Rs.1312.

This sum may also be kindly included in your award. These Masonite Sheets were frozen from me in the month

P.T.O.

of March and I was not allowed to sell them in the open market. But for the Government Order, I would have been able to sell at very high prices and turned over my capital several times. I only claimed a profit of 25 percent on my actual costs but the Chief Engineer who was asked to fix my compensation was pleased to reduce the same and to recommend only a profit of 20 percent during my interview with him. Now I find this seems to have been further reduced to 15 percent. I beg to request your goodself to reconsider the matter and allow me at least 20 percent as recommended by the Chief Engineer, and also extra expenses which I have incurred during these 4 Months as noted above.

I have already intimated to you that these Sheets are under lien to my Bankers in the Overdraft Account and it would be improper for me to despatch these materials without paying them before hand.

I shall be much obliged if you would kindly order payment of the amount payable to me as the cost of the Sheets, either through the Comptroller or through the Chief Engineer to whom I am willing to hand over the acknowledgment receipt from the Military Authorities, for the delivery of the articles. I shall be extremely grateful if immediate payment is ordered by your raising the necessary debit against the Comptroller of Supplies.

On hearing from you further on the above points raised by me I shall be pleased to deliver the materials to the Military Authorities.

Yours faithfully,

R. Arunachalam

Supply of Masonite for Defence Services - Compensation for stores requisitioned from Mr.R.Sundaram Iyer, Bangalore.

- - - -

Sir,

I am directed to refer to the correspondence ending with your letter No.Pol.1034/War/283-42-45, dated the 26th November 1943.

2. The Government of India in the Department of Supply have noted the basis on which the compensation payable to Mr.Sundaram Iyer has been assessed by the Government of Mysore and observe that the practice followed in all cases of requisitioning has been to allow a margin of 10% of profit on the cost of stores requisitioned plus actual incidental expenses and overheads, where admissible.

3. As a large number of purchases are being negotiated with the Government of Mysore, the Government of India feel that the principle of the profit margin exceeding 10% in addition to all expenses and overheads, if accepted in the case of Mr.Sundaram Iyer, may have its repercussions on the other transactions on hand. They, therefore, consider it desirable that the compensation payable to him should be assessed on the usual basis (as indicated in the letter from this Residency No.F.64-42/W, dated the 16th June 1943.)

4. I am, therefore, to request that, if there is no objection, the Government of Mysore will be so good as to revise the amount of compensation as suggested above.

5. If, however, the Government of Mysore have any very strong reasons for payment on the basis suggested by them (as a special case which will not be treated as a precedent), the Government of India would be glad if those reasons could kindly be explained in fuller detail.

6. The favour of an early reply is requested.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

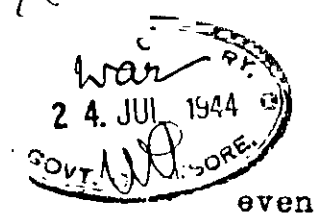
Dear Sir,



Payment due on Masonite Sheets delivered to the Military Authorities.

This is to confirm my interview with your goodself this evening regarding the payment of Masonite Sheets supplied to the Military Authorities as per your order No.W.937/W.282-42 dated 15th November 1943. As represented to you in person these sheets were frozen as early as March 1943, and though they have been delivered to the Military Authorities in the middle of November 1943 payment has not been received so far. I have reminded your Under Secretary several times in this connection both by personal calls and by telephones and they have all been a cry in the wilderness. A very large sum of money is withheld and unnecessarily locked up, preventing me from profitably turning it over and over again in my business and Bank interest charges are accumulating.

I thank you for your assurance that you would move in the matter and arrange for payment before the end of this month.

Yours faithfully,

R. Sundram Iyer
